Woodbridge Crossing Contact Numbers and Community Information

Following is a contact list of the mechanical subcontractors employed in the construction of your home. These are some of the firms that will service your home during and, if you choose, beyond the term of your warranty. For your convenience, we have also included contact numbers for public utilities serving Woodbridge Crossing.

When calling a mechanical subcontractor for warranty or other service, please keep in mind that, as a homeowner, it is your responsibility to ensure that your problem is not caused by homeowner action, oversight or carelessness (such as a tripped GFCI or circuit breaker, burnt-out light bulb, dirty HVAC filter, etc.).

Service dispatches to correct or repair problems resulting from homeowner actions or as a result of a homeowner who fails to fulfill the homeowner responsibilities detailed in the homeowner manual are not covered by the warranty and may result in a billable service call for which the homeowner will be responsible to pay. The service departments of the respective subcontractors will assist you to determine if you have met your responsibilities if needed. And, of course, we encourage you to contact your builder if you are uncertain or have questions the vendor does not or cannot answer satisfactorily.

At closing you will be given a list of these utility companies. Immediately after closing, we will notify the respective utility companies that the home sale has closed and instruct them to terminate service billed to the temporary service account effective the sixth (6th) business day after closing.
